COURSE ACTIVITIES:

Special Assignments

Lesson Plans

The entire course is divided into “Lessons” that cover specific topics and learning objectives in the class. The Lessons are listed in the Course Outline above. Each Lesson introduces you to specific subject matter and asks you to engage in a number of activities. These may include reading, exploring the web, researching, participating in online discussions, quizzes (multiple choice, short answer, and essay questions), and assignments (written work submitted as an attached document in a “drop box”)

Each Lesson consists of:

- A Lesson Plan that outlines the content and provides detailed instructions as to any assignments
- Direct links to any Discussions, Assignments, or Quizzes that go along with that Lesson.

All the Lessons are located in the “Lessons” folder. Click on the Lessons link in the course Menu.

Attendance

Attendance is graded very simply in this class, either you are there (score = 100) or your are not (score = 0). I will be taking attendance each session we meet and I will simply average all these scores together to formulate this part of your grade.

Attendance in this class is critical as we will be going over Lesson material pertinent to you completing the Lesson Quizzes...we will also be doing in-class activities to help facilitate your learning of the material.

Please review the online document titled “Course Expectations and Policies”

Lesson Quizzes

These quizzes will consist of questions related to activities I assign in the class, the content of the discussions, or information you gather from research or from your interview (see below).

Within each Lesson outlined you will be provided with a lists of ALL the questions in the specific quiz. You should prepare your answers ahead of time and then enter these answers into the appropriate online quiz.

Quizzes must be completed by the end of the week in which they are assigned. You may be able to work ahead on some of these quizzes as well.

Extensions on the due dates for Quizzes may be allowed with sufficient reason; however, I reserve the judgment to not grant an extension. If you anticipate needing extra time it is best to get in touch with me PRIOR to the due date.

Chapter Quizzes

For each chapter in the book there will be a quiz that you will take online. Each quiz will consist of 20 multiple choice questions that will be randomly selected from a database each time you take the quiz. You can take the quizzes as many times as you wish, but understand that each time you take the quiz you may get different questions. The HIGHEST of all your attempts will be the one that counts so there is no risk in taking the quiz over and over.

The quizzes will be available from the beginning of the class but they must be completed by the end of the week in which the reading is assigned. Feel free to work ahead on these quizzes.

Links to these quizzes are located in the corresponding Chapter Quizzes link.

The following assignments are those that have been incorporated into this class to not only teach you course content, but to also enable you to demonstrate learning associated with the KVCC General Education Outcomes. (See the section on General Education Outcomes at the beginning of this syllabus)

GRADING:

Grading for the course will be accomplished in the following manner (students must have grades in ALL aspects of the class in order to pass the class):

25% ----- Attendance
20% ----- Lesson Quizzes/Assignments
20% ----- Chapter Quizzes

10% ----- Special Assignments
25% ----- Service-Learning Project

GRADING SCALE:

Letter Grades---Based on a final grade scale of 0-100, the following letter grades will be assigned:

95-100	A
90-94	A-
87-89	B+
83-86	B
80-82	B-
77-79	C+
73-76	C
Below 73	F

Please note that I will not be giving grades below a C. The rationale to this is that students who do not master more than 72% of the material in this class are not prepared to meet the expectations of future classes or programs that require this course. It simply means that you have not learned enough material to really say that you have “passed” the class.

Students who make arrangements for submitting work after the course is completed will be given a letter grade reflecting the work they HAVE done. I will not be submitting grades of “I” or “Incomplete”. When the student has completed the work that is missing I will then change the final grade accordingly. Considering the structure of this class I anticipate that I will be rarely making these sorts of accommodations and they
